CARAVAN & MOTORHOME ON TOUR  
AURORA CHANNEL 183 ON FOXTEL,  
OPTUS AND AUSTAR

We take a look back at the spectacular journey through Kakadu National Park via helicopter!

This special DVD wouldn't be complete without returning to Hobart and showing you the splendour of this great capital city.

On top of all this, there is so much more, so relax, enjoy, and have a very happy New Year!

In this special DVD we re-visit our most favourite and memorable spots from 2009.

This is a snapshot of the best and we kick things off in country New South Wales, discovering Grenfell and the famous Temora Air Show was part of this touring trip, and definitely worthy of a spot on our 'Best of '09' list.

Other highlights in this DVD include the incredible scenic attractions in Kangaroo Island and along Western Australia's great north-west coast.
